BODY CARDIO

CLINICALLY TESTED

Heart Health & Body Composition Wi-Fi Smart Scale

Developed with cardiologists and included in several validation studies with renowned hospitals in the EU & in the US, Body Cardio is the first smart scale to provide a cardiovascular check-up in less than 30 seconds, from the comfort of your home.

It delivers ultra-precise weight, body composition (body fat, water %, muscle & bone mass) and syncs with the free Health Mate app to display your trends and help you reach your health goals.

And unlike many smart scales, with Wi-Fi sync, you don't have to have your phone with you during weigh-in to synchronize your data.

Features

NEW VASCULAR AGE

Monitor the health of arteries with Vascular Age, a key metric to give a clearer picture of your heart's health. If your vascular age is assessed as significantly greater than your chronological age, you may be more at risk of developing vascular disease later in life.

PULSE WAVE VELOCITY

Monitors your pulse wave velocity, an innovative metric used by the medical community to assess arterial stiffness.

STANDING HEART RATE

Provides standing heart rate at every weigh-in so you can track the evolution of your heart rate over time, a good indicator of overall cardiovascular fitness.

FULL BODY COMPOSITION

Monitors body composition: weight (kg, lb, st lb), BMI, total body fat and water percentage, plus muscle and bone mass.

SEAMLESS WI-FI & BLUETOOTH SYNC

Data syncs automatically with the free Health Mate app via Wi-Fi & Bluetooth, where you can set goals, view trends and get extra motivation (iOS & Android™).

MULTI-USER FRIENDLY

Recognizes and tracks up to 8 users independently.

ACCURACY UP TO 0.2 lbs

Get accurate measurements on all surfaces via Position Control technology, a patented positioning aid technology.

PREGNANCY TRACKER & BABY MODE

Get support during pregnancy with obstetrician-reviewed wellness advice and personalized weight tracking, and accurately weigh even the smallest member of your family using baby mode.

LIFE-FRIENDLY FEATURES

Localized weather forecast during weigh-in on scale's display and previous day's steps.
